

# Clean UP (150ml)

## Cleansing with cucumber extract

Thorough facial cleansing is also possible without surfactants. The acid mantle remains intact and the skin is not exposed to any stress. The cucumber extract provides the skin with a lot of moisture.

### Ingredients:

A)

- 10.5g Rice germ oil
- 12.0g Coconut oil
- 2.5g Almond oil
- 1.5g Phytosterol Macadamiate
- 4.5g Montanov 202

B)

- 100,0g Water

C)

- 10,5g Glycerine
- 4,5g Cucumber extract
- 4.0g Leucidal® Liquid Max

### How to do:

Melt the fatty phase homogeneously in a beaker at approx. 75-80°C.

Bring the water to the boil and allow to cool to 80°C. Add water to the fat phase and stir at high speed.

Add glycerine, cucumber extract and Leucidal® Liquid Max at approx. 40°C and stir the emulsion cold.

If necessary, adjust the pH value to 5.5. Due to the fresh scent of the cucumber extract, no additional perfuming is required.

This is just a sample formulation...  
get creative yourself.
